

Mireia Riera and Jordi Ruiz came together with a shared passion for design and an admiration for certain designers. From disparate professional backgrounds they created sic97 in 2013. Mireia, a pioneer in design with some prestigious awards and Jordi, a self-taught industrial engineer and with more than 30 years experience.

Established in Barcelona, sic97 continues to produce timeless and fascinating industrial designs, such as Series ET Bathroom Fittings and Toma lamp by Elmar Thome, Llum Mirror by Mireia Riera or Galant by Pep Bonet. Our philosophy is to deliver a quality final product to the client while paying full respect to the original design and materials used.

## Bathroom Fittings Series ET. Elmar Thome

A series of bathroom fittings. Elmar Thome imagined these fittings as small pieces of minimalist sculpture, whose function becomes evident within the context in which they are used.

Toma Lamp. Elmar Thome

A sculptural form by Elmar Thome designed to function as a table lamp. The materials and techniques utilized in its production remind us of Thome's desire to create products that withstand the passage of time.

Llum Mirror. Mireia Riera

“Una idea tan simple como luminosa.”  
The idea of a mirror and wall lamp in one - so simple yet perfect.  
Delta de Oro, Adi-Fad 1975

Galant. Pep Bonet

Galant is a free-standing and portable valet stand or towel horse.
